News Briefs

A new Ph.D. program in Human Development and Aging will begin this fall, sponsored by the Graduate Division and the Department of Psychiatry, to train researchers and teachers in this relatively new area of study. UCSF is one of only a handful of universities in the U.S. and the only one west of Chicago, to offer doctoral training in this specialty. "Unlike child development, the complex sociocultural forces and situational life changes which support or threaten the adult require that students trained in this field have a strong interdisciplinary background," says Marjorie Fiske (formerly Lowenthal), Professor of Social Psychology and director of the program. Christie W. Kiefer, Assistant Professor of Anthropology, is associate director. Richard Suzman, Assistant Professor of Sociology, currently coordinates the teaching program. Other faculty members represent these disciplines as well as physiology, psychiatry, psychology and psychoanalysis. The new doctoral degree program grew out of the research and training program in Adult Development and Aging which Prof. Fiske has directed at UCSF for the past 18 years, with funds from the National Institute of Child Health and Human Development and, more recently, from the new National Institute on Aging. Fellowships and part-time research assistantships will be available. For more information write to: Ph.D. Program Coordinator, Human Development Program.

Edward A. Smuckler, M.D., Ph.D. has been named Chairman of the Department of Pathology, School of Medicine, UCSF, as announced by Julius Krevans, Dean, School of Medicine. Prior to becoming a member of the School of Medicine Faculty, Dr. Smuckler was Professor of Pathology at the University of Washington School of Medicine, Seattle, where he taught during the last 15 years. He succeeds the late Henry D. Moon who died in 1974. Dr. Smuckler was the recipient in 1965 of a National Science Foundation Fellowship at the Wenner-Gren Institute, University of Stockholm, Sweden. This was followed by a European Molecular Biology Organization Travelling Fellowship at the Royal Veterinary College, London, England and at the Antoni Van Leeuwenhoek-huis, Amsterdam, Holland. During 1970-71 Dr. Smuckler spent a year at the National Institute for Medical Research in Mill Hill, England, as Guggenheim Foundation Fellow. A native of New York, Dr. Smuckler is an alumnus of Dartmouth College. He received his medical degree in 1956 from Tufts University School of Medicine and in 1963 was awarded a Ph.D. degree in Experimental Pathology from the University of Washington. Following an internship at the US Naval Hospital in Bethesda, Maryland, Dr. Smuckler completed a USPHS post-doctoral traineeship at the University of Washington.

New Dean of the School of Nursing is Margretta Styles R.N., Ed.D. Francis A. Sooy, Chancellor, announced that Dr. Styles will succeed Marjorie Dunlap, who resigned recently to resume full-time teaching activities. Dr. Styles comes to UCSF on January 2, 1977 from Wayne State University College of Nursing, where she has served as Dean during the past three years. She previously was Dean of the School of Nursing at the University of Texas. Since 1971 she has been a Consultant in Nursing to the Surgeon General, United States Air Force; and since 1972 to the Department of Health, Education and Welfare, USPHS Division of Nursing. A native of Mount Union, Pennsylvania, Dr. Styles received a Bachelor of Science degree from Juniata College (Huntingdon, Pa). in 1950, and a Master of Nursing degree from Yale University School of Nursing in 1954. She earned a Doctor of Education degree at the University of Florida in 1968. Dr. Styles has taught at Duke University School of Nursing, where she was Director of Undergraduate Studies; and at Broward Community College, Fort Lauderdale, where she was Director of Nursing Education.

A $10,000 drive has been launched by the SFGH Medical Center Memorabilia Committee. Funds raised will make it possible to salvage many beautiful and irreplaceable architectural ornaments and other memorabilia from the 60 year old SFGH buildings being demolished, and to relocate these in the new Medical Center and grounds. Selected for preservation are the fountain outside the former Chest Service Building; the large terra cotta medallion above the entrance to the old Administration Building; the marble newell post, Siena marble arches, and chandelier in the lobby of that building; numerous wrought iron lamps, lamp standards, marble faced clocks; and a carved oak and marble fireplace. Contributions in any amount are welcome and names of those giving $50 or more will be inscribed on a permanent plaque to be displayed in the new Medical Center. Norman Sweet, Professor of Medicine, is chairman of the Memorabilia Committee, which was appointed by the Executive Committee of the SFGH Medical Staff. Donations should be made to the "Memorabilia Committee Fund" and addressed to the Dean's Office, Room 2A-21, SFGH Medical Center, 1001 Potrero Avenue, S.F., CA 94110.

The new chief of medical staff at UCSF hospitals is Howard A. Shapiro, M.D. Dr. Shapiro was Clinical Professor of Medicine and directed the Gastrointestinal Clinic from 1966-75. He is president of the UCSF Executive Medical Board, having served as vice president from 1974-76 and has served on numerous hospital committees. A University of Chicago Medical School Graduate, Dr. Shapiro is a diplomate of the American Board of Internal Medicine and a former traveling fellow of the Royal Society of Medicine in London, in 1975.

SFGH Briefs

Needed: Volunteer physicians, nurses, advanced medical, nursing and pharmacy students to staff the "California Hospital" in earthquake stricken Comalapa, Guatemala. The hospital was organized immediately following the February earthquake by two members of the UCSF Department of Medicine, Jim Adams, a Resident; and Dave Curtis, a Fellow. Every month since then, teams of health professionals, many of them from UCSF, SFGH, and VA have been recruited to staff the hospital, which is supported by voluntary donations to the "Committee for the Relief of Guatemala." Volunteers pay their own transportation, but room and board is provided. Nurses should be able to speak Spanish and Spanish-speaking physicians are preferred. For further information call Susan Nutter, SFGH, 565-8571.

The new SFGH Medical Center now has its first lobby gift shop for patients, visitors and staff. A dream of the SFGH Volunteer Auxiliary for 20 years, the shop opened for business Monday, August 16, the day after the majority of patients were moved into the new building. The shop is managed by Phyllis Cardozo and staffed by volunteers to benefit patient needs. Hours are currently 9:30 to 4:30 Monday through Friday and merchandise offered includes toiletries, magazines, greeting cards, candy gifts, toys, plants and flowers, robes and nightgowns.
